

YOLO COUNTY DEMOCRAT.

SATURDAY, MAY 2, 1888.

WONDERFUL MAN.—The Solano Herald, speaking of L. B. Mizner as a candidate for Congress, says:

Mr. Mizner is a gentleman of great natural abilities and scholarly attainments—the peer of any of his contemporaries—which, with a fine personal appearance and great suavity of manners, give him great influence with all with whom he comes in contact. He is strictly temperate, upright and frank in all his dealings and intercourse, and without reproach in morals and social standing.

Now, we submit that it would be doing a great wrong to the people of this State, and of Solano county in particular, to send such a man to Congress, and also to the gentleman himself. One term would suffice to take off the polish and send him back to us no better, and perhaps worse than ordinary mortals. No! no! Mizner must not be so exposed.

HORRIBLE OUTRAGE.—One of the matrons of the Orphan Asylum in Brooklyn (N. Y.), recently inflicted a terrible punishment on a boy in her charge, only ten years old. The fiendish woman poured kerosene over his person and set it on fire, burning him so badly that his life is almost despaired of. No motive is assigned to the rash act except a malignant spirit of revenge, aroused by the misbehavior of the boy. The woman must have been crazy.

CHERRING.—Our population, says the Grass Valley National, is steadily increasing and we hear no complaint about anybody wanting work. The active mining operations now being carried on, and the abundant crops which our high hill ranches are growing, will give employment to many more men than we have now among us. We do not say this to induce those who are doing well at other points to rush here with the hope of doing better, but simply to note a fact which is observable to any one in town.

RETURNED.—Beriah Brown, who has so long been identified with the true interests of Democracy in California, recently arrived in San Francisco from Oregon. He is untiring in his devotion to the cause, and makes a good report of political affairs in Oregon. He sets that State down as certain for a Democratic majority at the November election.

EXPLANATION.—A Radical correspondent of the Napa Register says: "If Grant does 'talk horse' and drink whisky, he rides a loyal horse called Patriotism, and his whisky is fighting whisky." Such a grand conception of patriotism as that attributed to "loyal" horses, is as potent as "fighting whisky" in forming Radical ideas of the fitness of Grant for the Presidency.

SUCCESSFUL.—The English Expedition to Abyssinia has been successful in a great battle, completely routing the army of King Theodore and capturing the capital city, Magdala. The King was found dead—whether killed by the English, his own people, or by his own hand, is unknown. This will probably end the war.

AGAIN.—W. R. Briggs was arrested on Saturday last in San Francisco for dealing the game of faro. Bill has paid into the treasury of San Francisco about \$15,000 on the same "lay out" in two years. He is one of the heaviest tax-payers in "Frisco."

AGRICULTURE.—A movement is on foot to form an agricultural society in Solano county with a view of holding a County Fair this year. The idea is a good one, and the example should be followed by a number of other counties, including Yolo.

JACKSONVILLE SENTINEL.—This sterling Democratic paper has lately been enlarged and much improved typographically. We regard the Sentinel as the very best of our exchanges from the "Sucker" State, and wish it success.

CONGRESSMAN AXTELL arrived by the last steamer in San Francisco. It is thought that his constituents will send him back with a renewed leave of absence for two years longer.

ONCE AGAIN.—"Melancholy" McCallum is a candidate for the Radical nomination for Congress in the Second District. If he gets it, won't Coffroth warm him!

It is thought that the parties who shot Sam Brannan will escape punishment, for the reason that Sam had threatened them previous to the shooting.

NOMINATED.—The President has sent to the Senate the nomination of General J. M. Schofield to the office of Secretary of War, vice Stanton to be removed.

NEWS FROM ABOARD.—We learn that a new Union newspaper is to be started at Woodland, Yolo county. So says the Amador Ledger.

MILITARY.—Gen. E. O. Ord arrived on the steamer Colorado and has assumed command of the Department of California.

BEST SUGAR.—A company has been organized in Sacramento for engaging in the manufacture of sugar from beets.

The city of Philadelphia contains over seventy thousand dwellings and over ten thousand other buildings.

PAUL MORPHY is again in Paris playing chess with the champions, and beating them as before.

Mrs. WASHINGTON WRIGHT (Topsy Turvy) is dying of consumption, say the San Jose papers.

A "BEAT."—The Nevada Gazette calls Mark Twain's "lecture" a big "beat."

White Men Must Rule.

In every country where negroes or the

mixed races have enjoyed and exercised a potential influence in the control or management of its governmental affairs, anarchy has been the rule, and law and order the exception. A reference to the past and present condition of Mexico, whose history is familiar to all, is evidence sufficient, were there none other to offer, to prove the incapacity for self-government of the African or mixed races. We will not refer particularly to the Central and South American Republics. The arrival of every steamer brings news of rebellions and revolutions; peace and order are unknown; anarchy reigns triumphant; civil enactments are disregarded and laws are a dead letter; every man, as far as is in his power, sets himself above the laws and the Government; ignorance is the rule, and intelligence the exception; the intelligent few control and use for their own purposes the ignorant many; there is no protection for life or for property; all is confusion; danger stalks abroad, and its victims are countless. Without attempting at this time to show the cause, further than referred to above, we state the facts, and assert that such a condition of affairs are unknown in communities or nations where men of the Caucasian race hold and exercise the control of the affairs of Government. And to such a condition of affairs are we drifting, day by day, with the ship of state under the management of the unscrupulous leaders of the Radical party. There is no thought or care for the 30,000,000 white citizens of the United States, but all must be sacrificed for the benefit of the 3,000,000 of negroes in the land. When did the pathetic Sumner shed a tear over the poverty and distress of the 1,000,000 starving yet industrious poor white people now within our borders? When did Stevens give utterance to a word of sympathy for the same unfortunate class of our citizens? When did any leader of the Radical party ever show a disposition to ameliorate the condition of these unfortunate? Never! Is it not time to pause in this wild work? If men are incapacitated for learning anything regarding the future from the experience of the past, can they not see that which is occurring daily all around them? The muttered thunders of popular indignation are plainly to be heard to-day by those who do not willingly close their ears, and these muttered sentiments of condemnation will soon reverberate from Maine to California, in deeper and louder tones of condemnation of the mad policy which now controls the actions of the Government. There must and will be a change; the people demand it in tones not to be mistaken or misunderstood. This is a white man's government; white men must and will rule the land; the interests of the white man shall no longer be sacrificed for the benefit of the black; all shall be protected in their rights, but right and justice must first be secured to the men and women of our own race and color. The question is to be decided at the November election: Is the power of the Government to be exerted only for the benefit of the blacks, without regard to the condition or interests of the whites, or are we to legislate for the greatest good to the greatest number; and if discriminations are to be made, let them be made in favor of our own race and color.

HARD ON CUPPER.—The Constitution requires that to be eligible to the office of Representative in Congress, a citizenship of seven years is required, and nine years for a United States Senator. Now, the "loil" blacks of the South can only date their citizenship from December, 1865, when the emancipation proclamation was issued. It is too bad, but the House of Congress will not be performed by aromatic odors of Ethiopia for several years. Our "loyal colored brethren" must have patience. Can't Congress pass an "enabling act," and let them in at once? Why not?

WANTED.—A man who has addressed any audience from Congress down to a lodge of "Freedom's Defenders," who did not make an "able and eloquent speech," and who is not an "eloquent and forcible" speaker, and who did not furnish his audience a "rich treat." We wish to exhibit him to the tribe of newspaper reporters, not one of whom ever saw such a man.

HORRIBLE AND UNNATURAL.—A little child, Katy Collier, recently died in Marysville, and was buried. Suspicion arising that all was not right, the child's mother was arrested, and the body of the child exhumed for the purpose of an inquest. The coroner's jury returned a verdict that "Katy Collier came to her death by blows upon the head given by her mother with a manzanita stick."

SUSPENDED.—The Life of General Grant, by his father, will probably never be completed, as its publication in the New York Ledger has been suspended. It was so insufficiently silly that Bonner was ordered to stop it; though the old man is said to have been delighted with his literary work.

ACCIDENT.—The team of Henry (Lager Beer) Meyers, of Sacramento, concluding that their owner was staying too long in a saloon up town, started off. Meyers ran out and caught them, but was thrown to the ground and considerably injured. The team went on, leaving the wagon, beer kegs, Meyers and the beer behind.

GOOD EXAMPLE.—The Speaker of the House of Representatives, at his New Year reception, had no wine or beverage of any kind upon his table. It was loaded with all other good things; but coffee and chocolate were all there was to "drink."

The Odd Fellows of San Francisco had a grand celebration of their anniversary at San Francisco, over six thousand attended. The picnic and everything passed off pleasantly.

The State Senate has passed a bill allowing women to practice at the bar.

MEXICAN NEWS.—The telegraph has the

following:

APRIL 25th.—Late dates from Mexico say that Negrete, with five hundred men, is openly in arms against the Government.

Many foreigners have been arrested during the past month. Only five have been expelled from the country and not one of them French.

The war in Sinaloa is progressing. The Revolutionists have three thousand men, and Corona five thousand.

Ortega's party is making strong exertions to make an alliance with Negrete, Leon and others.

The war of races is continuing at the Baliza. The English are gaining ground.

The stages leaving the capital are almost regularly robbed.

The worms have destroyed the cotton crop.

THE BURLINGAME BANQUET.—A grand banquet was given at the Lack House in San Francisco, on Tuesday night, in honor of Hon. Anson Burlingame, Chinese Ambassador, and suite. Judging by the accounts given by the Bay papers, it was a magnificent affair. The hall was splendidly decorated for the occasion. Governor Haight presided, and speeches were made by the distinguished guest, Governor Haight, Gen. Halleck, Admiral Thatcher, Newton Booth, and one or two of the Chinese members of the embassy. They ate and drank, and separated, as the reporters say, mutually pleased with each other.

INCREASING IN VALUE.—John Hollingsworth, formerly of Woodland, in a letter from St. Helena, dated April 26th, and addressed to C. S. Frost, gives a flattering account of the good results realized by the farmers of Napa Valley since business commenced on the railroad in that section. He says real estate has advanced from ten to fifteen per cent. in value already, and that Napa City has grown more in the last twelve months than it had during three years before the road was built. When it is considered that this is a new road not yet completed, the result is flattering and the prospect encouraging.

CHEEK.—It would be a curious thing, says the National Intelligencer, to analyze the state of mind of a man who, after voting at 2½ p. m. to impeach the President of high crimes, would three hours afterwards jump into a carriage and ride up to pay a visit of personal respect to that very officer, and take him by the hand. There were just two such men. Are there any more?

UNRESENTANT.—John Millen in his speech from the scaffold, where he suffered the extreme penalty of the law for the murder of Julie Brulette, did not exhibit a spirit of contrition or forgiveness. He found fault with every one who had shown him friendship, and blamed his attorney, C. E. DeLong, for signing a petition for a commutation of his sentence. He was a hard case, and undoubtedly deserved the punishment he received.

NEW PAPER.—A Democratic paper is to be published at Suisun, Solano county. Solano county can well afford to sustain a Democratic paper, and we have no doubt will. Of the four papers in the county, three are of the Mongrel persuasion, and the other is being politically. Success to the new paper.

WORKER CLERKS.—Three thousand two hundred and thirty-four clerks are employed in the Treasury Department at Washington, of whom five hundred and nineteen are women, at a salary of \$300 per year. Fifty women are also employed in the Currency Division Department at \$50 per month.

A DIFFERENCE.—Land in Santa Clara county, producing much less per acre than Yolo county, is worth from \$100 to \$150 per acre. And why? Because the railroad affords the Santa Clara farmer quick, cheap and sure access to the San Francisco market for the sale of his produce.

ON THE WAR PATH.—Supplies of ammunition have been sent from Virginia City, Nev., to the citizens of Long Valley, who are forming a company to pursue and punish the Indians implicated in the massacre of the Pierson family.

FRATRICIDE.—Thomas S. Inlow, West Bear River township, Yuba county, on the 23d of April, in a quarrel with his brother, Joseph D., was struck by him with a pitchfork handle, from the effects of which he died.

SMITHS.—A young gentleman connected with one of the "first families" of Marysville, became smitten with a "lager beer jerker," and, one day lately, left with his darling for parts unknown.

SACRAMENTO WOOLEN MILLS.—The capital stock to this enterprise (\$100,000) has been subscribed, and it will be hurried to consummation. They are to be called "The Capital Woollen Mills."

RE-ORGANIZATION OF THE GRAIN TRADE.—We call the attention of our readers to an able article on this subject from the Sacramento Union, on the first page of to-day's paper.

FINED.—Police Judge Provines fined a man, on Saturday last, \$125 for striking another man on the head with a whip, all of which occurred in San Francisco.

NORTHERN DISTRICT.—The Northern District Agricultural Fair will be held at Marysville, commencing September 17th, and continuing six days.

A FISH STORY.—A. R. Weaver, Esq., caught a fish last Thursday at Lightner's, caught weighing 450 pounds. He must have been an old settler.

CAGNEY.—Schlinkle, who robbed the widow McQuestion of \$1,730, has been caught and committed to jail. Served him right.

SWEETWATER.—A correspondent of the Silver Bend Reporter calls the Sweetwater mines the biggest "bilk" out.

THE ROSE.—1,600 passengers arrived by the steamer Colorado at San Francisco last Saturday.

Dr. Rowell, Sam Brannan's physician, reports him out of danger. He will recover.

RAILROAD LAW.

AN ACT to authorize the County of Yolo

to give its Bonds to the California Pacific Railroad Company, a corporation organized and working by and under the general Railroad laws of this State, and to provide for the payment of said bonds; approved March 24, 1888.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors in and for the county of Yolo are hereby authorized and required to issue the bonds of the county of Yolo as a donation, for the purpose of aiding in the construction of the California Pacific Railroad from Putah creek to Washington, and from Putah creek through Woodland to Knight's Landing, in Yolo county.

SECTION 2. The bonds that are authorized to be issued under this Act shall not be issued unless upon a proposition to issue said bonds being submitted to the electors of Yolo county, at a special election to be held for that purpose, on the third Saturday of May, eighteen hundred and sixty-eight, the majority of the electors voting upon said proposition shall be in favor of issuing said bonds; and it is hereby made the duty of the Board of Supervisors of said county to submit to the qualified electors at said election the proposition to issue said bonds. Those voting for said proposition shall have written printed on their ballots, "County bonds in aid of the California Pacific Railroad Company—Yes," and those voting against said proposition shall have written or printed on their ballots, "County bonds in aid of the California Pacific Railroad Company—No." Said vote shall be canvassed by the Board of Supervisors of said county at their next meeting after the said election, and the result of said voting shall be entered upon the records of the said Board; and if said proposition shall receive a majority of said votes cast in favor thereof, it shall be their duty to issue said bonds; and if a majority of said votes are cast against said proposition, it shall not be lawful to issue said bonds.

SECTION 3. If the majority of said votes shall be in favor of the issue of said bonds, it shall be the duty of the said Board of Supervisors to have prepared county bonds to the amount of one hundred thousand dollars, each of said bonds being for the amount of one thousand dollars, payable twenty years from the date thereof, bearing interest at the rate of seven per cent. per annum, payable annually on the first day of January in each year, the principal and interest payable in gold coin of the United States at the office of the County Treasurer of said county.

SECTION 4. None of the said bonds shall be issued after the date of this act, nor shall the said Board of Supervisors be authorized to issue more than one hundred and sixty-eight, the road of the said company shall be completed in good running order from Vall Jo, in Solano county, to Washington, in Yolo county, and from Putah creek, crossing the Willow Slough road of Dr. Merritt's residence on said slough, thence through the town of Woodland to Knight's Landing, in Yolo county, with a depot at each of said towns; and said bonds shall bear date of the day of such completion. Coupons for the interest shall be attached to each bond.

SECTION 5. The bonds and their coupons shall be consecutively numbered, [and] signed by the Chairman of the Board of Supervisors, the County Treasurer and County Auditor; and when so signed, the County Clerk shall countersign said bonds and affix thereto the seal of the County Court of said county, [and he] who shall thereafter deliver the same to the Chairman of the said Board of Supervisors; and the fact of such signing, attestation and sealing shall be entered upon the records of said Board of Supervisors, and the said bonds and coupons shall therefrom be delivered by the said Clerk to the President of the said California Pacific Railroad Company, taking his receipt therefor, containing a description of said bonds, in the book of records of the proceedings of the said Board of Supervisors, at a regular meeting of the said Board.

SECTION 6. It shall be the duty of the said Board of Supervisors of said county, and they are hereby authorized and empowered, to levy a yearly tax, to be levied by the "Interest Fund Tax," on the assessed property of said county sufficient to pay the yearly interest on said county bonds, and five per cent. of the principal thereof, to be levied by the said Board of Supervisors, and the same to be assessed and collected at the same time and in the same manner as the other property taxes assessed and collected; and the Treasurer of said county shall pay or cause to be paid, out of said interest Fund, the interest on the said county bonds as it falls due, and the said five per cent. shall be set apart as a Sinking Fund for the redemption of said bonds. Whenever the amount to the credit of the said Interest Fund shall equal or exceed two thousand dollars, the Treasurer shall apply the same to the purchase of bonds from the lowest bidder (provided the same shall be offered at a price not exceeding the par value thereof), upon advertising for twenty days in some newspaper published in said county of Yolo for bids. But if none of said bonds are offered at par, or under, then it shall be the duty of the said Treasurer, with assent and approval of the said Board, to loan the amount standing to the credit of the said Sinking Fund at interest, upon said county bonds, in bonds of this State, or bonds of the United States, payable in gold coin, giving preference in the order named. The said Interest Fund and Sinking Fund shall not be appropriated or applied to any other purposes than those specified in this section.

SECTION 7. It shall be unlawful for the said California Pacific Railroad Company to charge more than nine cents in United States gold coin per mile for each ton of freight transported on its road; provided, that in no case shall the said company be required to receive less than twenty-five cents for any one lot of freight for any distance.

MAY DAY.—The Christian and Methodist Sunday Schools, and the old young generally, were out yesterday in a multitude to enjoy the picnics arranged for the occasion. The weather was beautiful, and mirth and joy prevailed among the subjects of the fair Queens of May.

THANKS.—I give no token to acknowledge an appropriation by Doc. Tucker of a casket of genuine champagne to this office. We accept the May Day courtesy with pleasure.

Notice to Teachers.—The County Board of Examination will meet at Woodland on Saturday, May 24, 1888.

LOCKHART'S

PATENT SEPARATOR.

Patented, February 1887.

Farmers have long been annoyed by the impossibility of separating and cleaning grain as fast as the cylinder would thresh it. This difficulty is now entirely overcome.

Lockhart's Patent Separator having been thoroughly tried in the harvest of 1887, is found to separate and clean the grain as fast as it can be threshed, without difficulty.

Choking or Throwing the Grain Over! These Separators are manufactured only to order, and can be put into any ordinary threshing machine, thereby adding at least one third to its capacity. All machines warranted.

TOWN AND COUNTY MATTERS.

COUNTY CONVENTION.—The Democracy of Yolo county assembled in Convention at Woodland, on the 25th of April. H. Gwin was elected Chairman, and Ed. Bynum, Secretary. J. M. Kelley, Jas. A. Douglas, F. G. Russell, M. S. Dale and L. S. Chiles were elected delegates to the Democratic State Convention. A County Central Committee, for the ensuing year, was elected, consisting of the following named persons: J. W. Snowball, Ed. Bynum, William Montgomery, H. C. Yerby, Jas. A. Douglas, F. G. Russell, H. Gwin, W. A. Henry and J. L. Underhill. The following resolutions were adopted: *Resolved*, That now, as heretofore, we hold the Constitution of the United States, as interpreted by the Kentucky and Virginia Resolutions, to be the fundamental principle of free government, and regard any departure therefrom as dangerous to the liberties of the people. *Resolved*, That we unqualifiedly condemn the action of the present Radical Congress as revolutionary in its character and subversive of the liberties of the people. *Resolved*, That we hold to the doctrine that the Government of the United States is a white man's Government, formed by white men, and ought to remain under their exclusive management and control. *Resolved*, That we, the Democracy of Yolo county, in Convention assembled, hereby endorse as eminently sound in principle and efficient in ability, our Representative in Congress, Hon. Jas. A. Johnston, and instruct our delegation to cast the vote of Yolo county in favor of his re-nomination.

DROWNED.—A daughter of Mr. Curtis, living on the bank of the Sacramento river, at the "Monument," ten miles above Sacramento, was drowned on Monday last. The water from the river had made a "crevasse" through the levee near Curtis' house, and a strong current of water was passing through into the low land adjoining. The "crevasse" was narrow and a board had been thrown across. Miss Curtis was crossing, having in her arms a child, when one side of the bank—having been undermined by the action of the water—gave way, precipitating her into the stream. Her cries and those of the child attracted parties from the house to the spot, when the baby was found clinging to some willows, and rescued. The bonnet of the girl was seen floating on the water, but she had passed beyond the possibility of rescue. The body was afterwards recovered and followed to the grave by sorrowing relatives and friends.

AN OBJECTION.—A friend, who is the owner of a valuable tract of land in this county, objects to the proposed donation on the ground that the railroad would enhance the value of his land and thereby increase his taxes, while at the same time the product of the soil would be the same. If the credit and financial standing of the farmer do not depend on the value of his estate, if the rate of taxation does not decrease in the same ratio that the value of taxable property increases, if a cheap method of transportation and a saving of sacks does not enhance the value of a crop, if there is no difference in a legacy of land worth twenty dollars an acre and one worth fifty dollars an acre—there might be some point to the objection.

RETURNED.—Dr. A. Sprague, an old resident of this county, after spending some time with his old friends in the East and subsequently sojourning in Sonoma county, has returned to Woodland with the intention of making it his permanent place of residence. In his travels he has found no pleasanter or more desirable locality than our town, where he will meet with a welcome from his former friends. The Dr. was formerly engaged in the practice of medicine here, and by reference to his card it will be seen that he intends to resume it.

AN OPPORTUNITY.—A good opportunity presents itself to the citizens of Yolo to open to the public the vast resources of the county. The disadvantages, so long experienced, of imperfect and inconvenient modes of travel and transportation can be obviated by an easy and rapid railroad communication with convenient markets and shipping points. In order that the opportunity may not be lost, it is the duty of every voter who feels an interest in the future prosperity of the county, to vote for the proposed donation, on the 16th inst.

ODD FELLOWS' CELEBRATION.—The exercises at the M. E. Church, in this place, on Sunday last, were of a very interesting character. A large audience was in attendance. The proclamation of Grand Master Fox—recommending the Brotherhood to celebrate the event in a becoming manner—was read by Past Grand H. C. Grover, after which Rev. W. C. Curry delivered an address abounding in beautiful sentiment and interesting historical sketches of the rise and progress of the Order.

CONFIDENT.—The advocates of the proposed donation by the county to the California Pacific Railroad Company, are confident that the measure will be endorsed on the election on the 16th instant, by a handsome majority. It should be borne in mind that the Bill authorizing the election to be held is so framed that not one cent of the bonds can be demanded until the road is in complete running order.

GOOD FOR TRAVELERS.—Day & Buckley have received from below a splendid Concord coach, which they design placing on the line between Woodland and Sacramento. All such conveniences in connection with travel will be appreciated by the citizens of Yolo, who have labored under so many difficulties in this respect during the past winter.

PATENT SEPARATOR.—"Lockhart's Patent Separator," which were formerly tested last year in various parts of the State and proven to be of great value, are being manufactured by Clark Elliott, of this place. See advertisement.

COUNTY SURVEYOR.—J. I. Underhill has located in Woodland and will be prepared at all times to attend to his duties as County Surveyor. His office is in the room formerly occupied by Sheriff Minis in Court building.

AUCTION SALE.—D. N. Hershey offers for sale a lot of valuable horses, mules and cattle, at the "Spanish Ranch" near Dunnigan's, on Wednesday, May 20th.

REGULAR SESSIONS of the Board of Supervisors and County Court—Monday next.

RAILROAD LAW.—We call the attention of our readers to the railroad law in another column, which we republish by request. It will be seen that no advantage can be taken of taxpayers. No donation can be claimed from the county except for value received.

FOR SACKS.—One firm in this county last year sold \$20,000 worth of grain sacks—not half the amount paid for the sacks used by our farmers last year. Had we a railroad connection with Vallejo, this large sum would have been saved.

NEW POTATOES.—A. S. House, proprietor of Baker's Hotel, received, yesterday, a lot of fine "pink eyes," grown on a ranch near this town. This is the first arrival of new potatoes in the market.

POLICE.—Our police record shows but one case of assault and battery for the week. The guilty party, whose name we have forgotten, was fined \$5.

NEW STORE.—A new store has been opened at Knight's Landing. The proprietors, Turner & Sias, are offering bargains to their customers.

FARM FOR SALE.—A splendid farm and sheep ranch, near Red Bluff, is offered for sale by N. Grayson. See ad.

ASSORTMENT.—For cheap groceries, cigars, paints, oils, etc., call on B. H. Roseberry, Knight's Landing.

To Consumptives.

THE REV. EDWARD A. WILSON'S Prepared

Prescription for the cure of Consumption, Asthma,

Bronchitis, Coughs, Colds, and all Throat

and Lung affections, has been in use over ten

years with the most marked success.

This Remedy is prepared from the Original

Recipe, chemically pure, by the Rev. Edward

A. Wilson, 185 South Second street, Williams-

burg, Kings county, New York.

The remedy, also a pamphlet explaining original

Prescription, with full and explicit directions

for preparation and use, and a short history of his life, may be obtained of Mr. Wilson,

as above, or of

YOLO COUNTY DEMOCRAT.

Brighter Hours.

Mourner! is thy bosom riven
By the shaft that Death has thrown—
Are thy loved ones called to Heaven
Leaving earth a desert lone?
Still hope, still trust, thou yet shalt see
That brighter hours will dawn for thee.

Has thy cherished idol faded thee—
He who garnered all thy love—
Left thy heart now desolate and lonely,
Life's deep bitterness to prove?
Still hope, still trust, thou yet shalt see
That brighter hours will dawn for thee.

Have thine early dreams all perished
With the lessons life must bring;
Till around thy highest spirit
Not one flower of hope may spring?
Still trust, and thou ere long shalt see
That brighter hours will dawn for thee.

Have thy worldly plans been thwarted,
Is thy soul with care oppressed—
Do the waves of trouble, gathering,
Wildly beat against thy breast?
Still hope, the darkness soon will flee
And brighter hours yet dawn for thee.

The New Albany Commercial devotes its daily issues largely to incidents of the great revival there. At the close of one of its articles it says: "The young and the old, the rich and the poor, the learned and the illiterate, the distinguished and the humble, are all alike affected by the wonderful religious influences that pervade the city. Such a work of revival was never known here before. No one talks of anything else but religion. It is the topic on the streets, in the stores, offices and shops."

LUCK AND LABOR.—Luck is ever waiting for something to turn up. Labor, with keen eyes and strong will, will turn up something. Luck lies in bed and wishes the postman would bring him the news of a legacy. Labor turns out at six o'clock, and with busy pen or ringing hammer, lays the foundation of a competence. Luck whines; Labor whistles. Luck relies on chances; Labor on character. Luck slips downward to indigence; Labor strides upward, to independence.

A SCHOOLMASTER in a neighboring town while on his morning walk, passed by the door of a neighbor, who was excavating a log for a pig trough.

"Why," said the schoolmaster, "Mr. S. have you not finished enough yet?"
"Yes," said the man, "enough for my own family, but I expect to board the schoolmaster this winter, and am making preparations."

A COUNTRY GIRL, coming from the field being told by her poetic cousin that she looked as fresh as a daisy kissed with dew, said: "Well, it wasn't any fellow by that name, but it was Steve Jones that kissed me. I told him that every one in town would find it out."

"NEVER LOST"—Pat was in charge of a ferry boat. A lady passenger, being frightened by the waves, asked him "if people were ever lost by these boats?" He gave the encouraging reply, "Not often, ma'am—we generally find them afterward by dragging the river."

Mrs. Stowe, in her "Chimney Corner" papers, quotes the story of a young Methodist who felt that he had a call to preach, and who was crushed by the question of an elder, who asked him: "If at last thou noticed whether people seem to have a call to hear thee?"

"WHAT sort of a sermon do you like?" said Dr. Rush to Robert Morris, one day.
"I like, sir," replied Mr. Morris, "that kind of preaching which drives a man into the corner of his pew, and makes him think the devil is after him."

BEN. BUTLER says he "should despise the Ten Commandments if they taught him to forgive Andy Johnson." Of course the wretch would hate the Ten Commandments any how, because one of them says: "Thou shalt not steal."

A CELEBRATED lawyer once said that the three most troublesome clients he ever had were a young lady who wanted to be married, a married woman who wanted a divorce, and an old maid who didn't know what she wanted.

GOOD REPLY.—"Did you know," said a cunning Yankee to a Jew, "that they hang Jews and Jackasses together in Portland?"
"Indeed! Then it is well that you and I are not there," retorted the Jew.

COMPLIMENTARY.—"Poor little fellow! aren't you cold?" said a pretty young lady to a newsboy of whom she had just made a purchase. "Yes, ma'am, before you smiled," was the gallant response.

A PARSON once prefaced his sermon with "My friends, let us say a few words before we begin." This is about equal to the man who took a short nap before he went to sleep.

RECOVERING.—Sam Brannon, who was shot at Colleton on the 14th inst., was not so dangerously wounded as was first supposed, but is now in a fair way to get well.

BESIDE your friends that they may love you more dearly, bend your enemies that they may become your friends, is an old Arabian maxim, worth cultivating.

A CHAP who was told by a colporteur to "remember Lot's wife," replied that he had trouble enough with his own, without remembering other men's wives.

BROWN, the other day, while looking at a skeleton of a donkey, made a very natural quotation. "Ah," said he, "we are fearfully and wonderfully made."

SIN-TAX.—"Well, my boy, do you know what 'syntax' means?" said a schoolmaster to the child of a teetotaler. "Yes, sir, the duty upon spirits."

ARRIVED.—About ten thousand letters were received at the San Francisco Post-office, by Overland Mail, on the 10th inst.

TO A LOVER there are but two places in all the world—one where his sweetheart is, and the other where she isn't.

YOUNG MEN who go to balls would do well to remember that a ball should never close with a reel.

MANY a fool who has sense enough to get a good wife, lacks the wit to know it.

A SELF-DENYING WOMAN—One who sends word "not at home," when she is.

The eclipsing of another's sun will not make ours shine brighter.

A NEW YORK policeman shot a stuffed tiger at the Barnum fire.

Nor the place honors the man, but the man the place.
